### *Altar Flowers*

We always have such lovely flowers on our altar. They can be placed there in memorial to someone, or they can be placed there as a thanksgiving for a special event such as a birthday, an anniversary, or as a general celebration of life. If you have someone you want to purchase flowers in memory of, or an event you want celebrated with flowers, contact Mother C. to see if the date you want is available. The cost per date is only \$25.

#### NOTES OF APPRECIATION TO ST. JAMES'

## COVENANT HOUSE

Imagine that you are just leaving church after receiving the Eucharist. It is a beautiful autumn Sunday morning; the sun is shining and the leaves are a panorama of color. "Ah, such a beautiful day," you say to yourself; "I think that I will..." Your wonderful mood dissolves as you realize that there is not beautiful car waiting to take you home. In fact, there is no home anymore! You are on the street with just the clothes on your back and a few coins in your pocket. "Oh, well," you think, "I will just walk around and enjoy the lovely fall weather." The sun is out and the temperature is in the mid seventies. However, it is not long before you realize that there is no going to the fridge for a cold drink, or to the cookie jar for a snack. Finally, you realize that you don't even have a bathroom, and there will be no cozy bed when night falls! The panic sets in, and you whisper, "Oh, God, what do I do now?"

Every day thousands of children face the same daunting future, but now there is a refuge. It is called COVENANT HOUSE. From a humble beginning in NYC when Fr. Bruce Ritter opened the refuge, it has grown to include shelters in ALASKA, CALIFORNIA, FLORIDA, GEORGIA, MICHIGAN, MISSOURI, NEW JERSEY, NEW ORLEANS, PENNSYLVANIA, TEXAS, WASHINGTON DC. TORONTO, VANCOUVER BC, HONDURAS, GUATEMALA, MEXICO CITY, and NICARAGUA. It is truly an international work of Christian Charity!

These days, a cup of coffee at a restaurant costs at least one dollar. A candy bar will set one back about the same amount. Remember that Christ said, "If you give as much as a cup of water in my name, you will have your reward." The reasons children leave home are heart-rending, and what you might spend on coffee five days a week can make the world of difference in the life of a child.

Every year more than 50, 000 children receive safe refuge, food, medical care and education at Covenant House. Would you consider giving the cost of a few cups of coffee each month to further their work? It is a ministry that St. James has supported in the past. If you are willing, please make checks payable to St. James' and mark the memo Covenant House. -submitted by George Brayer

## MUSINGS

If you were to put all the parts necessary to construct a computer in a large box and shake them, how many years would you have to shake that box before the parts arranged themselves together into a computer?

Would not happen, right!? Even after millions of years they would not assemble themselves into a computer even if all the right parts were there.

What if the parts themselves were not even there, just the raw materials to make the parts? Even less chance of that succeeding!

It is strange then that there are some people who believe that sentient beings, or even highly sophisticated plants just came about by random accident. That these things—over time—and by themselves—sembled themselves from the primordial ooze. Then, by themselves, evolved into things that came in two different types that were then able to get together and produce offspring that were copies of themselves. In the case of animals they had to be able to—on their own—develop the powers of instinct and, in higher animals life forms, of reasoning. Plants had to know to turn toward the sun and to make their own food. HMMMMMMMMMM! Seems highly unlikely to me!

The planet itself must have found ways to reproduce parts of itself. Volcanoes form new land and as mountains wear down pressure pushes up new mountains.

Yet, some people believe all of the above and think that God is a myth. I find it harder to believe in a world created by accident and evolution than by God.

Those people who go on disbelieving in God should just continue to shake that box and hope that a computer will form on its own.

I, on the other hand, will continue to worship the God of the universe and to be thankful for all he has given me.
